When the darkness has captured me
And I'm sinking
I reach for your arms full of love
Without thinking
More than you'll ever know
You are the one I turn to
Heavenly light shines above you
You're my angel

Now I see
The light
Here within
My soul
Thank you for
Everything
You are the one
I adore

Comfort has always been
Your way
Guide me through good times and bad
Night and day
Near or far wherever we are
I know you'll give me
Courage and strength to go on
Face my enemies

When sleep doesn't comfort me
You're there
Listen to heartache and pain
So aware
What can I do to repay you for
How you save me
I love you everyday
Completely

Now I see
The light
Here within
My soul
Thank you for

Everything
You are the one
I adore
