I've been waiting for tonight
To find the days
It seemed like forever
Don't worry
Everything's alright
It's now or never
Tonight we'll live the dreams
Forget about all of our matters
Just listen for the beat
And watch for the flash of the camera

I wanna come down
I wanna see what it's all about
I wanna hang out
Until I pass out

Over and over again
See that I'm not falling down
Over and over again
Yeah

We're walking with the pride
And all the mornings
Beat out the boring nights
You gotta do what you gotta do
Who cares if it's right

I wanna come down
I wanna see what it's all about
I wanna hang out
Until I pass out

Over and over again
See that I'm not falling down
Over and over again
Yeah

Tonight we'll get Bacardi's
Head down to CBGB's
We're not underage tonight
Run fast from paparazzi
Hop on the stage and start singing

The future looks so bright

All over

All over

All over

Over again

All over

All over

All over

Over again

Over and over again

See that I'm not falling down

Over and over again

Yeah
