Don't bring me down
[Yeah]
Don't bring me down
When the world kicks me around
I don't let it steer me wrong
When it tries to hold me down
I just keep on moving on
Gonna be fine on my own
I'll just do what I want to do
Gonna make a few mistakes
But that's what I'm meant to do

Time is on our side Let's enjoy the ride Let tomorrow fly Tonight until tomorrow

Don't bring me down You can't stop me at all I'll be standing forever Don't bring me down Cuz we're outta control Make it lasting together

Don't bring me down Don't bring me down

Just find your voice inside
And it will take you far
No need to run or hide
Just find out who you are
Just get my hands on the wheel
Keep driving all night long
Never quit believing in me
It keeps me going strong

Time is on our side Let's enjoy the ride Let tomorrow fly Tonight until tomorrow

Don't bring me down

You can't stop me at all I'll be standing forever Don't bring me down Cuz we're outta control Make it lasting together

Why go down
When you can stand up?
You can rise to meet the moment
And what you think is what will be
Cuz you got it all inside

Don't bring me down You can't stop me at all I'll be standing forever Don't bring me down Cuz we're outta control Make it lasting together

Don't bring me down
[Yeah]
Don't bring me down
[Don't bring me down]
Don't bring me down
[Yeah]
Don't bring me down
[Don't bring me down]
