Maybe I disappeared when you least expected.  
Maybe I closed the door too soon.  
In the rearview mirror, this place is right where you left  
it.  
Maybe you needed me there too.  
Maybe came too late...

If I could start again,  
I'd go back to that, back to that night.  
If I could just pretend  
I did everything, everything right.  
You didn't leave, we didn't fight.  
I didn't wait to say "you are my life."  
If I could start again, it would never end.

I remember the time when I was your best friend.  
(yeah)  
The pillow still smells like your perfume (ohhh)  
and I remember the second I didn't say the words that I  
meant.  
I left a broken memory of you. (ohh ohh).  
I never said sorry...

If I could start again,  
I'd go back to that, back to that night.  
If I could just pretend  
I did everything, everything right.  
You didn't leave, we didn't fight.  
I didn't wait to say "you are my life."  
If I could start again, it would never end.

And I changed my mind, can I rewind?  
Can I replace words on the page?  
Everything wrong, everything right.  
Give me the time just to explain what I meant to say.

If I could start again,  
I'd go back to that, back to that night.  
If I could just pretend  
I did everything, everything right.  
You didn't leave, we didn't fight.  
I didn't wait to say "you are my life."

If I could start again, it would never end.
