From the chapel to the parking lot  
All the Scriptures that she had forgot  
Memories so overwrought  
De murder Adieu for tonight  
Never been such a delight  
To make a human sacrifice  
Can meet in the alleyway  
You've got this occupation  
And obligations to  
Be sure that he suffers  
Be sure that he fights  
Say goodnight  
Say goodnight (say goodnight)  
She feels no contrite

*[Chorus:]*

This wont be the first to last, its just about time  
When it goes by so fast  
When dealing with the perfect crime  
Wait by the balery led over to a charade  
Wait for the cue  
And strike with dismay

The night is young at the cabaret  
She makes sure her hair wont shake  
To hesitate its no mistake  
Shhh (ahh)  
But pressure adds as her hands sweat  
Its all procedure its a set

He could see her silhouette  
Don't run tonight  
It's out of his hands tonight  
Her fingers on the trigger what a pleasant surprise  
The look in her eyes  
The demonic look in her eyes  
Tell the whole story it's one simple line  
(one simple line)  
The job was a sight

*[Chorus:]*

This wont be first to last its just about time

When it goes by so fast  
When dealing with the perfect crime  
Wait by the balery led over to charade  
Wait for the cue  
And strike with dismay

There she goes again (There she goes agian)  
There she goes again (There she goes agian)  
There she goes again (gan gan gan)

Without a trace the scene was left with hints of your  
grace  
And don't repent, the past has foregone time to move  
on (move on)  
Till you're next in tombs to rot
