"Just Done"

I don't wanna hear anyone saying
Don't wanna anything about him about prayer
If he was the only one that was majestic, yeah
If he had purity, an if he did it for you
About the power of him, don't wanna hear it from you
And the souls that he saves, and the pain that he feel
I don't care!

All of you are looking for some solution
No one can stop us now

We are on revolution
And what you're doing now, we've just done

I say, "hey don't you try to put us down
You can go out, but we're still walking around
Willing to pay the cost and keep it on and on"
But I don't wanna see anybody lying about it
The light minded person or doubt about it
The passion, compassion is still away from you
