I made Minnesota my home tonight
It's not like the picture in my mind
'Cause I was so alone it killed tonight
I'd tell any soul if I could find one

'Cause I want to believe her
I want to believe
I want to believe her
I want to believe
I want to believe her
I want to believe

I've been burning down all my yesterdays
I can't stick around to see the smoke
'Cause we're on our way, and we don't care where
There's no time to sit around and mope

'Cause I want to believe her
I want to believe
I want to believe her
I want to believe
I want to believe her
I want to believe

I feel alright it's a Minnesota night
You've got nothing left to show me but you're smile
Stars so bright on this Minnesota night
Can we cut the conversation for a little while?

So please don't say that you don't know how
'Cause if you can talk then you can sing
So lets run away lovely Laura Leigh
And won't you take this diamond ring

'Cause I want to believe her
I want to believe
I want to believe her
I want to believe
I want to believe her
I want to believe

I feel alright it's a Minnesota night

You've got nothing left to show me but your smile
Stars so bright on this Minnesota night
Can we cut the conversation for a little while?
