My whole thing is I asked you upfront  
And, like a deceiver you are, you told me what you  
thought I wanted to hear  
So now the truth's out and who's the fool now?  
While you're begging be to stay you've got this booking  
record of "I'm sorry" playing in the background  
You've got one time to touch me before I knock every  
damn tooth out of your mouth.  
The worst part is I trusted you without question, without  
a doubt,  
Just to have this reoccurring problem with the lies that  
just stumble out of your mouth.  
It's something I can't have, I mean, I really cannot  
understand  
When bullshit became realer than true shit, that's  
foolish, just stupid.  
Feeling like Drake, I should've known it wasn't true,  
"I was looking for the one, now I'm feeling dumb for  
thinking it was you"  
And you got all but three minutes to get out of my way,  
Cause I lost what I've got to lose and my mind ain't in  
the right place  
I'm trying to keep my temper, but you're still lying to my  
face.  
You must really think I'm that damn naïve to believe  
that she just fell on your dick while you were trying to  
leave.  
You are the reason I don't believe in love,  
Because I gave you all of mine and it still wasn't  
enough.  
And you cut me much deeper than any knife could,  
Because I let you in closer than any man should be to  
my heart.  
Is just another lesson learned,  
And playing with fire just got another heart burned.  
And it's sad to say that every man after you will  
ultimately suffer from the things you put me through,  
When the truth was all I ever asked from you.

(Verse)

She just keeps on crying,  
All I can do was stare and say I'm sorry.  
I can tell she's trying  
To talk to me, but all I see is tears.  
Said I let you down, but you knew what it was  
From the ghetto  
I wouldn't try to be loved,  
You gotta tatch, cause didn't let go,  
And now you can't find your heart  
And you really can't blame me from tearing it apart.  
And when it all comes down to it,  
You gave me power, yes, you did.  
It was all I ever asked  
Out of control.  
Baby, the reason why you're teary eyed  
Is cause you gave me power.  
I didn't asked for it,  
You gave me your soul.  
You must be crazy, you're no good and damn well  
We could've be.  
I know you hate me,  
But you're really good put this heart on me  
You gave me all your money  
And I never put my hand down  
Just cause you gave me your everything don't make me  
your man, no.  
And now that I'm gone, have you understand now?  
I hope you understand now.  
So when it all comes down to it, you gave me power,  
A little too much.  
See, it was all you ever had, out of control.  
And the reason why you're teary eyed  
Is cause you gave me power, yes you did, yes you did.  
I didn't ask, I didn't ask, you just gave me your soul.
