(Standing in the rain by myself got me suicidal
And I wonder where did I go wrong
Standing in the rain)

You gave me your word and then walked away
And I tried to play along
You're such a tragic lust fantasy
And you keep me hanging on
Killing all my enemies in the end it's you and me
You're acting like you're scared of me
But you know I'm not your enemy

Standing in the rain by myself got me suicidal
And I wonder where did I go wrong
Standing in the rain
I know I'm lying to myself and still I wonder
Where did I go wrong?

You've got me tangled in your web
And I'll never get away
I still remember what you said
Do you remember what you said?

I'm killing all my enemies
In the end it's you and me
You are acting like your scared of me

But you know I am not your enemy

Standing in the rain by myself got me suicidal
And I wonder where did I go wrong
Standing in the rain
I know I'm lying to myself but still I wonder
Where did I go wrong?
Standing in the shadow alone
Still I wonder where did I go wrong?

I'm killing all my enemies
In the end it's you and me
You're acting like you're scared of me
But you know I'm not your enemy

It's time for us to get away
Time for us to get away

Standing in the rain by myself got me suicidal
And I wonder where did I go wrong
Standing in the rain
I know I'm lying to myself but still I wonder
Where did I go wrong?
Standing in the shadow alone
Still I wonder where did I go wrong?
