Don't taint them  
Don't spread your corruption  
You will not lead them away from their will

Demand release from all the wretched poison they  
have  
Fed to you  
It's nothing new it doesn't hurt but now it's drugging  
Down your  
Soul is fighting to evade destruction  
Set it free while you still can

I am afraid for you  
A buried illness seeping through  
Lying below the surface  
Silently screaming

(I cannot see)  
I weep for you  
(I cannot feel)  
Then you're doomed to fail  
Without my warning you will fade into dysfunction

Rid yourself of all the wretched poison they have fed  
To you

It's nothing new it doesn't hurt but now it's drugging  
Down your  
Soul is fighting to evade destruction  
Set it free while you still can

Don't be afraid to see  
Pain will come to those you teach  
Creeping through generations  
Silently screaming

(I cannot see)  
I weep for you  
(I cannot feel)  
Then you're doomed to fail  
Without my warning you will fade into dysfunction

Rid yourself of all the wretched poison they have fed  
To you  
It's nothing new it doesn't hurt but now it's drapping  
Down your  
Soul is fighting to evade destruction  
Set it free while you still can
