Hey u bad boy I'm not just a love toy  
I'm not made to enjoy everytime u want me to  
I need love life try to understand that  
I became a woman and its time u know  
But this bad boy is still playing like before  
every minutes of the day he's asking more  
and in the meantime there's nothing i can do,  
wasting my time just being blue  
So this bad boy is out to put me down  
and he did the same with every girl in town  
never hears a single word I say  
but i just can't stay away from another bad boys day  
Hey you bad boy, look what u have destroyed  
life that I once enjoyed, is falling down on my head  
Strange, I dont feel the rain  
Is the cathedral open on sunday  
And I'll see u  
Dont laugh now , try to help me  
Noone I could live for, if u go away  
But this bad boy is still playing like before  
every minutes of the day he's asking more  
and in the meantime there's nothing i can do,  
wasting my time just being blue  
So this bad boy is out to put me down  
and he did the same with every girl in town  
never hears a single word I say  
but i just can't stay away from another bad boys day
