You're sweet, as a honey bee
But like a honey bee stings
You've gone and left my heart in pain
All you left, is our favourite song
The one we danced to all night long
It used to bring, sweet memories
Of a tender love, that used to be

Now it's the same, old song
But with a different meaning
Since you've been gone
It's the same, old song
But with a different meaning
Since you've been gone

A sentimental fool, am I
To hear an old love song
And wanna cry
But the melody, keeps haunting me
Reminding me how, in love we used to be
It hearing the part that used to touch your heart
Stay together forever
Breaking up never

It's the same, old song
But with a different meaning
Since you've been gone
It's the same, old song
But with a different meaning
Since you've been gone

Precious memories keep a lingering on
Every time I hear our favourite song
Now you're gone
Left this emptiness
I only reminisce
The happiness we spent
We used to dance to the music
Make romance through the music

It's the same old song

But with a different meaning
Since you've been gone
It's the same old song
But with a different meaning
Since you've been gone

It's the same old song
But with a different meaning
Since you've been gone
It's the same old song
But with a different meaning
Since you've been gone
