Pull down the walls of Xanadu
They keep rising up in front of you
Pull down the walls of Xanadu
I'm longing to be with you
I'm longing to be with you

If the walls of Xanadu
Are risin' up in front of you
Darlin' here's what I would do
I'd pull them down to be with you

Every wall's another lie
Of only reason, only reason
Watch the seasons as they fly
Get through the walls of Xanadu

Now life created many ways
For men to stay alive
But happiness takes more than one
Who's willin' to survive
Who's walkin' to the morning sun
Who's walkin' to the morning sun

If the walls of Xanadu
Are risin' up in front of you
Darling here's what I would do
