Feel this

ABCD, tell me what you want from me  
EFGH, boy don't you wait too late  
1234, tell me what you're looking for  
5678, boy don't you wait to late

Yah  
Tell me what you want from me  
Yah  
That's right

As I step into the club  
With my girls at my side  
Keepin you out the corner of my eye  
I can see that your the type that i really like and it  
makes me wonder why  
You don't know what you want from me  
I need to know  
Baby can you tell me?

ABCD, tell me what you want from me  
EFGH, boy don't you wait too late  
1234, tell me what you're looking for  
5678, boy don't you wait to late  
(Repeat 2x)

Now I'm not the type of girl  
To step to a man  
I hope you understand (understand)  
Baby I'm just a lady  
I don't wanna be so bold  
So I pretend to act so cold  
Now my body's gettin hot  
From watchin you  
Oh baby!

ABCD, tell me what you want from me  
EFGH, boy don't you wait too late  
1234, tell me what you're looking for  
5678, boy don't you wait to late

(Repeat 2x)

My body's getting hot (hot)  
I don't understand (stand)  
Been messin with my plans (plans)  
While all you wing I wan (wan)  
Step up to the plate (plate)  
Boy don't wait too late (late)  
Don't you hesitate  
Please don't make me wait!

ABCD, tell me what you want from me  
EFGH, boy don't you wait too late  
1234, tell me what you're looking for  
5678, boy don't you wait to late  
(Repeat 2x)
