Yes I've learned this from you my dear
How it should be and what can I say
I want it all what I've never got
It's all ok, yeah it's not so bad
It comes now

It's ok, it's ok, everything's ok
What can I say about the day
It's ok, it's ok, everything's ok
Every day the same old story

I've never said I'm tough enough
On rainy days, low depressive mood
And I know, you don't mind,
you don't care at all
Like the way you talked before
nearly rotten to the core
It comes now

It's ok, it's ok, everything's ok
What can I say about the day
It's ok, it's ok, everything's ok
Every day the same old story

You wanted me and you got my butt, baby
You couldn't see any gutters shut, baby
You wanted all and you got my money
You are my sweetheart, you are my honey
It comes now

It's ok, it's ok, everything's ok
What can I say about the day
It's ok, it's ok, everything's ok
Every day the same old story
