

## Pyogenesis "Still Burn In Fire"

Visit "[Still Burn In Fire](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Castle of desire - With Blood-drunken choirs  
Songs of sorrow - Resound through the halls

The thoughts of lust - Remain in my brain  
The feelings I get - From the towers of hate  
Castle of desire - with blood-drunken choirs  
Songs of sorrow - Resound through the halls

Hopeless madness to burial oblivion  
A slave to darkness, again

Burn in the fire of lust - So strong  
It's so hot, cold, a delivery of my soul  
Blasphemy

It's the fire that keeps me warm  
Hold me tight and burns me right  
It's the fire that burns in me

Still burn in fire!  
It's my still burnin' fire

It's the fire that keeps me warm  
Hold me tight and burns me right  
It's the fire that still burns in me

Whispers - I try to understand them  
Living in a world of visions  
I think I'm dying  
Sadness - This is my price  
For all the sins  
I've done to you

Majesty crown - Allowed to speak black  
Serenades with crimson decades  
Change the face - with the mask of pain  
Special dreams - The shadow-hunt returns  
Come on to the arrival of this hungry flame  
Irreverent is her name  
It's my knocking, calling, burning chest  
Delivery of the bestialized haircrest

It's the fire that keeps me warm  
Holds me tight and burns me right  
It's the fire that burns in me

Still burn in fire!  
It's my still burnin' fire

It's the fire that keeps me warm  
Hold me tight and burns me right  
It's the fire that still burns in me

Whispers - I try to understand  
Living in a world of visions  
I think I'm dying  
Sadness - This is my price  
For all the sins  
I've done to you
