"Make It Known"

Visit "[Make It Known](#)" on MotoLyrics.com

I can make it known, I can make it hard, down in the
lime life yeah
Or they can make it known, could just stomp down in
the streets
Where you say your woman got a pristine smile the
kind of like
But I never saw it, yeah, yeah, yeah
Like why my daddy used to sit me down and smack me
round, cause I never know
U-la-la, u-la-la, u-la-la
What have I done to my son, God, know my system,
I swiped the credit card I saw the words with the demon
hearts and somebody out there screamed
"He's just retard!" Someone whispered but they didn't
even look hard
U-la-la, u-la-la, u-la-la

Whoa, who's your boyfriend, who's your boyfriend,
who's your?
Ah, he goes to, he goes to, he goes
I wanna see his dumb face oh
Take pictures, take pictures, take pictures
When blood runs down on the boulevard
He said, oh, oh, why would I want something with her
Why would I need someone but I'm
Willing to change, I'm willing to change
Oh, oh, why what I want something with her
Why would I need someone but I'm
Willing to change, I'm willing to change, oh

I walk around, I watch the children play down on
Broadway
But sometimes I think, I can't even take that anymore
Like when I walk, wanna talk, talk, talk, talk to the
voices if there's
No voices I just talk to myself alone
I just talk, talk, talk, talk to the voices if there's
No voices I just talk to myself
But I don't go talk about Jesus anymore

Yeah, and the story now 'bout reaching haze

Whoa, who's your boyfriend, who's your boyfriend,
who's your?

Forgetting it, just looking to getting it close, I just walk
on dark clouds, whoa, whoa
Blood runs down on the boulevard
Oh, Oh, why would I want something with her
Why would I need someone if I'm
Willing to change, I'm willing to change
Oh, oh, why should I want something with her
How could I love someone if I'm not
Willing to change, willing to change, oh

Stop, yeah, stop

Making love dear, I guess I'll talk like you
Out here all the night
Day's coming, children, so you don't wake up
I guess I'll stand by my love all the lime
Oh yeah, all the lime, waiting like never before, you
know.

La la la la la la la la la...
