You meet a girl,
She moves soft eyes and pulls you in the game.
Perhaps you do not wonder her reasons or her name.
You will follow her on out the room,
How sweet her body flows,
Say take it easy,
and make it lazy,
That's the way to go.

Do believe it's easy, Do believe it's easy,
Do believe it's easy don't even have to try.

You may lip your flute or pick your strings to hear the
music grow,
Maybe you'll stand by a while, it all comes through you
so,
Just maybe you will hit magic sounds that call you to
your heart,
And gently you will follow down and view yourself apart

Do believe it's easy, Do believe it's easy,
Do believe it's easy, my love, don't even have to try.

If when the moon's a toothy smile you meet a whirling
wind,
Whirls you clear to nowhere and forgets where you
came in,
There is no call to worry, or be sorry that you came,
You may maze along there for a space, oh buddy and
then come back to your name.

Do believe it's easy, Do believe it's easy,
Do believe it's easy, my love, don't even have to try.

Now, if your man gets busted and you hope to go his
bail,
Suppose you cannot borrow money, you may go to
borrow the mail,
Yes, if your man gets busted and you hope to go his
fine,
You may laze along to the judge's house, sweet

woman, and set it on the line.

Do believe it's easy, Do believe it's easy,
Do believe it's easy, my love, don't even have to try.
