I fished for a plough, it was heavy as lead.
And tired in my body, I wished for a bed.
When I lay claim to nothing, seems everything's fine.
When I lay claim to nothing...

Dust be diamonds, water be wine,
happy happy happy all the time time time } x3

King Jesus He whispered, 'it is not so far'
and Buddha declared, 'It is right where you are'.
Oh tell how many tales have you tried,
Tell me how many...

Dust be diamonds, water be wine
happy happy happy
all the time time time.
Dust be diamonds, water be wine
happy happy happy
all the time time time.
Dust be diamonds, water be wine
happy happy happy
all the time time time.

The things that you pray are the things you will be,
and the actions of now are tomorrow's memories.
So buy for a million, sell for a dime.
Buy for a million...

Dust be diamonds, water be wine }
happy happy happy all the time time time } x3

Somebody tells you, the world's all wrong,
and somebody tells you, the road is so long.
And if you have an argument please see your mind.
If you have an argument...

Dust be diamonds, water be wine
happy happy happy
all the time time time.
Dust be diamonds, water be wine
happy happy happy

all the time time time.
Dust be diamonds, water be wine
happy happy happy
all the time time time.

The man on the corner, is singing the blues,
and the man in the office, is studying the news.
So you're looking for trouble, so trouble you'll find.
So you're looking for trouble...

Dust be diamonds, water be wine }
happy happy happy all the time time time } x3

I used to have to wind up, my clockwork heart
and my face was addicted, and I did not feel part.
So look in the endings, see my secret rhyme
Look in the endings.
