#### The Circle Is Unbroken

Seasons they change while cold blood is raining  
I have been waiting beyond the years  
Now over the skyline I see you're travelling  
Brothers from all time gathering here  
Come let us build the ship of the future  
In an ancient pattern that journeys far  
Come let us set sail for the always island  
Through seas of leaving to the summer stars

Seasons they change but with gaze unchanging  
O deep eyed sisters is it you I see?  
Seeds of beauty ye bear within you  
Of unborn children glad and free  
Within your fingers the fates are spinning  
The sacred binding of the yellow grain  
Scattered we were when the long night was breaking  
But in the bright morning converse again.
