Verse 1

I'm on air in a turning motion
And I don't wanna take it slow
Take me there use your potion
Tell me how you want this to go

Pre-Hook

Opportunities knockin baby come get it, get it, get it
Tell me how you wanna play cuz I'm wit it, wit it, wit it
Tell me what your plan is put is put me in it, in it, in it
Don't stop the record let it keep spinnin, spinnin,
spinnin, spinnin

Hook

Work my body like a record keep it moving in heavy
rotation
Once I get hot, no I don't stop
Watch me like a video press rewind and let it keep
playing
And playin in heavy rotation

Tell the DJ bring it back bring it back
Can you bring it back back back
Tell the DJ bring it back bring it back
Can you bring it back back back
