Ariadne, sweet angel of mine  
The light of the stars hides in your eyes  
Ariadne, sweet angel of mine  
Will your death be mine?

Bleeding for you, as you cry for me  
Silent your waters are rest here with me  
Crestfallen are your nightfall eyes  
Celestial tears like the stars in the night  
Autumnal darkness of sin and of woe  
Kissing the frailty of your dreams  
Emptiness and the passionate soul  
God's heavy hand to bring your sleep

Ariadne, sweet angel of mine  
Secrets and horrors hides in your mind  
Ariadne, sweet angel of mine  
Let your death be mine

Ariadne, dark angel of mine  
Let your darkness be mine  
Ariadne, dark angel of mine  
Will in our death we be entwined?
