De zitao polla, monaha na mou les
tin alithia apo senane zitao
De zitao polla, monaha na ennois
otan les to "poso s'agapao"

Eho tin esthisi, tin ekti esthisi
ke kathe vradi se vlepo st'oniro mou
Sto leo, esthanome, to diesthanome
pos kati trehi me senane, moro mou

De zitao polla, ena mono zito -
na 'se ilikrinis se o,ti kanis
De zitao polla, thelo apla na skeftis
pos sto proto psema sou me hanis

Eho tin esthisi, tin ekti esthisi
ke kathe vradi se vlepo st'oniro mou
Sto leo, esthanome, to diesthanome
pos kati trehi me senane, moro mou

Ki adika hano ton kero mou
ton kero mou, ne, moro mou
To ida pali st'oniro mou
pos mazi sou hano ton kero mou

Eho tin esthisi, tin ekti esthisi
ke kathe vradi se vlepo st'oniro mou
Sto leo, esthanome, to diesthanome
pos kati trehi me senane, moro mou
