CINATIT

so how have you been
without me by your side
and how is the new guy
who took my place in your life

what happened to those days
you were normal had no fits
said we would be forever
and you sealed it with your kiss

and I'll, I'll move on but it's to late
cause I'm gone

it's to late
wasted
all my time
on you

I hope that your happy
with the new life you have
I hope that he's happy too
and you make each other sad

and I'll move on
yea I'll be fine
right here by myself
with no one by my side

and I'll, move on
but it's to late, cause I'm gone

it's to late
wasted
all my time
on you
