Only in the Movies

I barely even know you  
and I'm already all about you  
and I wish I could be the one to hold you

he's never there for you  
and there's nothing I wouldn't do  
just to see you smile...

why can't life be like films  
where I'd get you as my girl  
and we'd be forever happy

and I've gotta face the facts  
you deserve the best  
and I'm just the one left to dream  
of everything I'd do  
just for you  
and I'm just the one who still dreams

all my friends say to wait  
you're a good guy and you'll have your time  
but I know that's not true

you're too good to be true  
and I don't deserve a girl like you  
so I'll just keep to myself

why can't life be like films  
where I'd get you as my girl  
and we'd be forever happy

and I've gotta face the facts  
you deserve the best  
and I'm just the one left to dream  
of everything I'd do  
just for you  
and I'm just the one who still dreams

you're too good to be true

and I'm still all about you  
I want you to be mine  
I've just gotta face the facts  
you deserve the best  
not me...

and I've gotta face the facts  
you deserve the best  
and I'm just the one left to dream  
of everything I'd do  
just for you  
and I'm just the one who still dreams
