Unspoken
here we are again
trying to be more than good friends

and it's a shame
that we play this game
all the time

Unspoken emotions
never leads to anything
but I think I like it this way

if it works for you
then I guess it'll work for me
if it works for you
then it'll work for me

all the feelings
we have for each other
they should be expressed

but I think we might be scared
of what our future might hold

all the times we've stumbled through
I think I really like you
I think we should give this a chance

if it works for you
then I guess it'll work for me
if it works for you
then it'll work for me

Unspoken emotions
never leads to anything
all the times we've
stumbled through
I think I really like you

just give me a call
when you think it all through

I just want you to know that i wanna be with you
We've always been friends
and I don't know what to do
all I really know is I wanna be with you

if it works for you
then I guess it'll work for me
if it works for you
then it'll work for me
