The game shows in the morning
Do their best to entertain
And the news does its to worry me
(I don't know why I watch it)
But I like the way
The T.V. fills the room with human voice
And sometimes it is amusing
(Sometimes)

Please, all I ask is that you come around and see me
Why don't you come around and see me

In the middle of the afternoon
I'm sure it's much too quiet

Then again, maybe there is noise
And I just can't hear it

Please, all I ask is that you come around and see me
Please, just half an hour inside the twenty-four
Please, just one half an hour
Please, all I ask is that you come around
Why don't you come around and see me
Come around and see me
Do you think I won't know you?
Well, I'm not senile yet
You talk about putting people in small boxes
You know how that is
Or do you?
Oh, when you are my age, you're in my place
You'll understand
I know you will
