Verse 1

I said put me on to your love, it has me going crazy
Kisses and those hugs I miss callin you baby.
Your smile makes the sun shine all around when it's
raining
I can call you up to kick it with, when I'm lazy
Every girl's cold but you drop it like it's hot ooh
Every girl's so old but you keep it new like my watch
ooh
Take off all your clothes and only leave on your socks
ooh
And lay up on this bed as we make love to this song
ooh

Chorus

Put Me On To Your Love, just Put Me On To Your Love
Oooh x2
Put Me On To Your Love, miss those kisses and them
hugs Oooh x2
Put Me On To Your Love, just Put Me On To Your Love
Oooh x2
Put Me On To Your Love, miss those kisses and them
hugs Oooh x2

Sippin on a talk glass that's ice cold just tryna find the
right soul
That I can lay my heart inside to keep me warm when
the nights low
I'm tired of hearing this talking girl lets just give it go
I said this new Benz is a rental so I'mma drive it slow
And the way you move your body girl got me in

amazement

Riding horses on the ocean this is true love in the making

Stay with me for awhile girl I can take you places
You'll have to deal with those groupies as you know
I'm kinda famous

I'm a sincere gentleman treating you like a lady
I love it when you make it challenging and say maybe
I understand that you're delicate but no hearts will be breaking

It's time to put me on, I think I've done enough waiting

Put Me On To Your Love, just Put Me On To Your Love
Oooh x2

Put Me On To Your Love, miss those kisses and them hugs Oooh x2

Put Me On To Your Love, just Put Me On To Your Love
Oooh x2

Put Me On To Your Love, miss those kisses and them hugs Oooh x2

Yo kisses good and yo body fine x3

I said yo kisses and you body fine

Put me on to your love

Yo kisses yo good and yo body fine you keep it good
like all the time x 4
