In the dark of night
Those small hours
Uncertain and anxious
I need to call you
Rooms full of strangers
some call me friend
But I wish you were close to me

In the dark of the night
Those small hours
I drift away
When I'm with you

In the dark of the night
By my side
In the dark of the night
By my side
By my side
By my side
I wish you were here
I wish you were here

Here comes the clown
His face is a wall
No window
no air at all
In the dark of the night
Those faces they haunt me
But I wish you were
So close to me
By my side
By my side
I wish you were
I wish you were

In the dark of the night
By my side
In the dark of the night
By my side
By my side
By my side

I wish you were here
I wish you were here

Those faces they haunt me
I wish you were so close to me
Yes I wish you were
By my side
