"In The Garden Of My Soul"

I'm dreaming of a garden that can be all our own
Where we can find each other and we can be alone
A tiny little Eden where our true love lives
And all our dreams can come true, the greatest gift it gives.

In the garden of my soul, you are the only bloom.
In the garden of my soul, I can be with you.
You're the prettiest little flower, your sun bewitches me.
In the garden of my soul, there is just you and me.

Come here into my garden, wherever it may be.
Our love will make your wings grow, we'll fly together free.
Good fortune will await us, it's waiting for us now
'Cause we are fortune's witness, we two, just me and you.

In the garden of my soul, you are the only bloom.
In the garden of my soul, I can be with you.
You're the prettiest little flower, your sun bewitches me.
In the garden of my soul, there is just you and me.
In the garden of my soul, you are the only bloom.
In the garden of my soul, well, I can be with you.
You're the prettiest little flower, your sun bewitches me.
In the garden of my soul, you're the only one for me.
