I'm ready to just go right now  
I'm dreading the phone ring  
Call at home, you're out with your mother  
Filled with gladness  
That you're not here yet  
You're not here yet

Bird calls and snow falls  
The weight gets so light and dark  
I can't see what's going on

Snake'll she'd it's skin for you  
And the worm won't do it  
Please, it's all because

Don't wait for me to wait for you  
Don't wait for me to wait for you  
Don't wait for me to wait for you  
Don't wait for me to wait for you

She stays home to clean  
I'll see her later on
