"Failure"

Oh failure failed me again
And oh failure failed me again

And oh boy how fast you shook off all those thoughts
For something, when lost, counts for nothing up
against me
And right next to failure
And all a]long I felt great but not? are lively
And oh how the cold brings out the worst in everybody

Everybody, pay your respects at home
Please, please
Everybody is so certain now
That there is a la-la-la-la-love song in me somewhere
That there is a la-la-la-la-love song in me somewhere
I don't know where, I don't know

One convincing temper plays out like highway stretches
And they miss the funeral
