Tell me who's down with that

Mm, mm, tell me

Tell me who's down with that (PYT)

Why do you keep hating me all behind my back

Doggin' me, just tell me why you can't be real with me

Cause your smiling in my face, you talk behind my back

You got a problem maybe I can help you try to solve it

Cause you steady talking all your mess got me  
stressed

And I'm about to get my girls and handle it

What's up with all the people being jealous of me  
because I'm in PYT

If ya got a problem, you can step to me

Let me know what's on your mind

Tell me why you talk about me all the time

I got my girls with me and I'm about to let you know  
what were gonna do

Tell me whose got my back

Cause this girl's tryin' trippin' and I ain't having that

She smiles in my face talks behind my back

So, tell me where you at, where you at

Tell me where you at

So PYT

Tell me if ya down with me

Got my girls with me

So where you at I know you got my back, back

Why do you be stressing me when I'm just tryin' do my  
(j.o.b)

And I'm just tryin' have fun but your steady in my face

You're always in the way

You got a problem maybe I can help you try to solve it

Baby what you wanna do

You know it ain't cool and I'm about to get my girls and  
handle it

What's up with all the people being jealous of me  
because I'm in PYT

If ya got a problem, you can step to me

Let me know what's on your mind

Tell me why you talk about me all the time

And tell me why you're trippin' of me

Tell me whose got my back

Cause this girl's tryin' trippin' and I ain't having that

She smiles in my face talks behind my back

So, tell me where you at, where you at

Tell me where you at

So PYT

Tell me if ya down with me

Got my girls with me

So where you at I know you got my back, back

I don't want no trouble I'm just trying to be me

Does it make you feel good when you talk about me

You can say what you wanna say

You can do what you wanna do

It really don't matter cause I got my girls with me

Tell me whose got my back

Cause this girl's tryin' trippin' and I ain't having that

She smiles in my face talks behind my back

So, tell me where you at, where you at

Tell me where you at

So PYT

Tell me if ya down with me

Got my girls with me

So where you at I know you got my back, back

Tell me whose got my back

Cause this girl's tryin' trippin' and I ain't having that

She smiles in my face talks behind my back

So, tell me where you at, where you at

Tell me where you at

So PYT

Tell me if ya down with me

Got my girls with me

So where you at

I know you got my back, back

Tell me where you're at,

Tell me where you're at

Just tell me where you at, tell me where you at

So PYT

Tell me if you're down with me

Got my girls with me

So where ya'll at I know ya'll got my back, back
