When the going starts to get rough,
And you feel like you've had enough.
Let the music.....take control of your soul
Take a chance and do what you feel
You're a voice they can not live without it

You gotta break the chain
Yeah Yeah

There's a passion inside,
An inner strength that drives.
Can't nobody take that away from you!
Its the greatest high,
Set the floor on fire,
When you come alive!

And we're dancing, and it feels alright
I can't control my desire
And we're dancing, and it feels alright (Yeah...)
And we're dancing, and it feels alright
Can't hold me down
Got to reach for the sky
And we're dancing and it feels alright (Yeah...)

Some people don't know the love you possess
They condem what they don't understand
And its natural
You're in a world of your own

There's a passion inside
An inner strength that drives
Can't nobody take that away from you
Its the greatest high
you Set the floor on fire
When you come alive

And we're dancing, and it feels alright (feels alright....)
I can't control my desire
And we're dancing, and it feels alright (Yeah, yeah,
yeah...)

Push it to the max
Feel the room fall at your feet
Don't you dare hold back
Cause it feels so good can't say...

There's a passion inside
An inner strength that drives
Can't nobody take that away from you
Its the greatest high
you Set the floor on fire
When you come alive

And we're dancing (yeah), and it feels alright (it feels
alright...)
I can't control my desire
And we're dancing (yeah), and it feels alright (yeah...)
And we're dancing (yeah), and it feels alright (feels
alright...)
Can't hold me down
Gotta reach for the sky
And we're dancing (yeah), and it feels alright (yeah,
yeah, yeah...)
And we're dancing
