I've got a fine-looking woman, she's fine and brown  
She likes to boogie in the kitchen, likes to boogie  
'round town Hold on baby, hold on baby Hold on baby,  
you're moving too fast for me Talking about that  
woman, she's up early in the morning Making love with  
me before the break of dawn Hold on baby, hold on  
baby Hold on baby, you're moving too fast for me  
Every night about twelve o'clock She starts making love  
to me till I think I'm gonna drop Hold on baby, hold on  
baby Hold on baby, you're moving too fast for me She's  
a fine-looking woman, she's fine, no doubt Everything I  
need but she's wearing me out Hold on baby, hold on  
baby Hold on baby, you're moving too fast for me Don't  
get me wrong, I'm a-tellin' you right Since I met her I  
get no sleep at night Hold on baby, hold on baby Hold  
on baby, you're moving too fast for me
