Hop-pa little Sally diwally hop-ba
And magic bottle spins
Bad magic kills good magic
But good magic wins
Where the virgins disappear
And the soldiers die
Yeah I go there everyday
And back I arrive
-Remember how I told you
About tzigанизation
OAnd I wrote you right back
About sultanization
-And then how I wrote you
about b alkanization
-And how it all reflected on
Americanization...
-And I sent you right back
Some tapes with Rai
Cause I'm not a very big
E-mail kind of guy...
