You find yourself
Going round and round
You wonder, is there a solution? I don't know
Why can't he see why his life just seems to be circling?
Again and again and again and again repeat.

Tell me why he feels so guilty?
Knowing he should not react this way
He won't admit to why he's drinking
And every helping hand he turns away
But if he makes the same mistakes, over and over
again
Why can't he see why his life just seems to be circling?
And he says to himself

I don't want to go in circles
I don't want to keep on coming back
To the same conclusion, I'm standing
Here with no solution yet again, (repeat)
Again and Again and again and again repeat

Tell me why she feels so crazy
Her heartbeat is an irregular pace
She knows she shouldn't get close to him
Then why can't she just fight and run away
But if she makes the same mistakes
Over and over again why can't she see
Why her life just seems to be circling,
And she says to herself

I don't want to go in circles
I don't want to keep on coming back
To the same conclusion, I'm standing
Here with no solution yet again, (repeat)
Again and Again and again and again repeat

Im getting dizzy thinkin about it
A problem that just seems to never end
The situations upside down your,
Spinning all around and around,
Again and again and again and again

I don't want to go in circles
I don't want to keep on coming back
To the same conclusion, I'm standing
Here with no solution yet again, (repeat)
Again and Again and again and again repeat
