

Qissmet "What Should I Do"

Visit "[What Should I Do](#)" on MotoLyrics.com

For I desire tonight
Is the chance to make this right
Cause my heart is aching inside
What should I do

I don't have the answers
To why everything seems to be going wrong
And if I had the answers
I wouldn't be in this trouble

I should've listened to my mother
I wish I was smarter
Cause the decisions that I made
Were not, where my heart is

Maybe it's just a part of me
Maybe I'm just too blind to see
The man that I don't wanna be inside
That says he's me
For I desire tonight
Is the chance to make this right
Cause my heart is aching inside
What should I do
What should I do
What should I do
What should I do

I should've listened to my mother
I wish I was smarter
Cause the decisions that I made
Were not, where my heart is

Maybe it's just a part of me
Maybe I'm just too blind to see
The man that I don't wanna be inside
That says he's me
