Beautiful, beautiful, beautiful

Beneath the pain, beneath the shame
Behind the secrets that you hide
Don't wanna know what else is there
Much safer if it's undefined
So now you hope you've got it clear
All figured out and underlined
Behind the mask of your despair
There's something bright, alive inside

You cannot help but be beautiful
You cannot help but be beautiful
You cannot help but be so, so beautiful
You cannot help but be beautiful

This Armageddon that you fear is getting close
It's drawing near
Even if it happens now
Who says it has to happen here?

You cannot help but be beautiful
You cannot help but be beautiful
You cannot help but be so, so beautiful
You cannot help but be beautiful

Inside
Behind your mind
You can't be anything else but so
Not anything but so
Ahu wahu wonder ya, so beautiful

You cannot help but be beautiful
You cannot help but be beautiful
You cannot help but be so, so beautiful
You cannot help but be beautiful
