You're big! And strong!

You are big  
And you shine like the sun  
Feel it in your heart  
The dream that will be spun

Don't listen to the hype about the UFOs  
There's too many things nobody knows  
They do their job and you do yours  
Nobody does it better, we're the children of the stars  
Hit it big with your heart  
And big with your soul  
Deep inside you're ready for the light  
So move your body, dance your beat  
Shake a dream alive, shake it

You are big  
And you shine like the sun  
Feel it in your heart  
The dream that will be spun  
Take some time to know yourself  
You shine like the sun  
Feel it in your heart  
The dream

No need to apologize  
There's no need to compromise  
Sing your dream and sing it loud  
It's real, it's yours, you should be proud

You are big  
And you shine like the sun  
Feel it in your heart  
The dream that will be spun  
Take some time to know yourself

You shine like the sun  
Feel it in your heart  
The dream

You're big! And strong!

You are big  
And you shine like the sun  
Feel it in your heart  
The dream that will be spun  
Take some time to know yourself  
You shine like the sun  
Feel it in your heart  
The dream

You're big! And strong!
