Yanaba, havayena, takenya, surata wakanda

Cloud eyes, picture me tonight  
Hold me in the waters of your oldest feeling  
Cloud eyes in the starlight  
Touch me inside  
And breathe me in to find your healing  
Cloud eyes has a way of drowning  
Even as she breathes, and in her lungs  
I am the sea

She waits until my fear has whispered softly down to sleep  
And in her dream she swims through me

I'm scared, so you're scared  
So what fear has ever mattered anyway?  
I'm scared, so you're scared  
So what fear has ever mattered, mattered?

Cloud eyes in a silver sky  
Where the moon flies like a paraglider lost in your mind  
Cloud eyes in a dream flight  
Let your wings slide across the moon into the dark side  
Hold me, touch me, fill me, heal me,  
Let me feel the mist that flows in me  
And in your dreams

I'm scared, so you're scared  
So what fear has ever mattered anyway?  
I'm scared, so you're scared  
So what fear has ever mattered, mattered?

Yanaba, havayena, takenya, surata wakanda  
Yanaba, havayena, takenya, surata wakanda  
Yanaba, havayena, surata

I'm scared (remember who you are)

You're scared (remember who you are)  
I'm scared (remember who you are)  
You're scared (remember who you are)

I'm scared, so you're scared  
So what fear has ever mattered anyway?  
I'm scared, so you're scared  
So what fear has ever mattered, mattered?
