"Let the Light In"

I'm so tired of these lonely Saturday nights (lonely nights)
I'm wondering if I'm ever gonna get it right
I'm gonna change the way that I feel
And let the light in, let the light in
Take away this shield

Seems I've walked a million miles in the dark
(So far to the nearest star, I'm alone)
Walking circles, treading dark grooves, stuck in my past
(Alone in my heart)
I'm gonna change the way that I feel
And let the light in, let the light in
Take away this shield

I'm tired of walking lonely
I'm tired of hearing only echoes from the underground
Somewhere a star is shining,
Somewhere a light is rising to the dawn (to the dawn)
I'm shining
Hum danu yevannah, hum lanu evan-a

I'm gonna change the way that I feel
And let the light in, let the light in
Take away this shield
Feel, let the light shine through
Feel, let the light be in me
Real, ooh, I want to feel
