I feel bruised by the inside vibes
I'm on the outside of this beautiful day
And the road that winds its way through the
Diamond lakes, forests, hills, and seagulls
Belongs to you on the inside vibes
I'm on the outside of your world
I'm so surprised, shocked, confused
Caught between the topsoil
And the stones is like my mind
As I run and hide across its surface
I'm looking for a way to heal this jagged heart
Torn between you and the sky

Torn between you and the sky
Torn between you and the sky
Touching where the tearing is, out on the edge
Tasting for my truth
Torn between you and the sky
Caught between you and the sky

I'm charging forward, crashing through the thickets in my way
As I search the hills, the roads between, worlds unseen
Anything to calm my stormy panic as I finally get
Just how much I love you
I remember the beach, you on the rocks
I'm running away to find myself
To calm the tears in my heart, and touch the source of life
That's all that keeps me sane when I look back
To see your body glowing in the sun
Are you leaving now?
You're tearing me up

(Daya deyadum)

Torn between you and the sky
Torn between you and the sky

Touching where the tearing is, out on the edge
Tasting for my truth
Torn between you and the sky
Caught between you and the sky
Meet me the edges
Beyond the Maya

I'm so surprised, shocked, confused
Caught between the topsoil
And the stones is like my mind
Run and hide

I'm so surprised, shocked, confused
Caught between the topsoil
And you
