Chorus: Gotta find a way somehow Nothing's gonna stop me now Gotta find a way somehow Even though you're gone Things don't look as bad As they did yesterday Even minute I get Stronger somehow...some way Cause I gotta keep on living I got the will to survive Even though I feel so bad So bad inside Chorus: Gotta find a way somehow Nothing's gonna stop me now Gotta find a way somehow Even though you're gone All the plans I had I've got to give them up And start anew Making plans for one Instead of making plans for two From now on I'll be thinkin Thinking 'bout myself It'll be a long time Before I love somebody else [Chorus] I depended on you For everything Oh, I really trusted you How could you do me the Way you did You really let me down [Chorus]
