### [VERSE 1]

I remember how it used to be  
When your every thought was loving me  
Yesterday

Now you actin' like you never cared (Like you never  
cared)  
When I need you girl, you're never there  
It's a shame

### [BRIDGE 1]

My heart wants me to stay (To stay)(To stay)  
But my pride keeps tellin' my feet to walk away

### [CHORUS]

Love don't wanna leave  
But, girl it's walkin' out the door  
Walkin' out with me  
Why can't you want us anymore

Can't you see (Cant' you see)  
Love don't wanna leave (Love don't wanna leave)

### [VERSE 2]

Dreamin' dreams and wishing on the moon (wishing on  
the moon)  
Everyday was "Sunday Afternoon" (Sunday afternoon)  
So in love (So in love)

Finding lucky clovers in the grass (Clovers in the grass)  
Who would ever think it wouldn't last  
Well look at us (Look at us)

### [BRIDGE 2]

Monday morning came too soon (Too soon)(Too soon)  
Can't believe it's over after all that we've been through

### [CHORUS]

Love don't wanna leave  
But, girl it's walkin' out the door  
Walkin' out with me

Why can't you want us anymore

Can't you see (Cant' you see)  
Love don't wanna leave (Love don't wanna leave)

No, No (No, No)  
No

(Don't want, Don't want, Don't wanna leave)  
(Don't want, Don't want, Don't wanna leave)

[BRIDGE 3]

Oh, My heart wants me to stay (To stay)(To stay)  
But my pride keeps tellin' my feet to walk away  
Won't you make me stay

[CHORUS]

Love don't wanna leave  
But, girl it's walkin' out the door  
Walkin' out with me

I don't wanna leave  
I don't wanna leave, baby, baby

Love don't wanna leave  
But, girl it's walkin' out the door  
Walkin' out with me

Won't you make me stay  
Won't you make me stay  
Baby, baby

Love don't wanna leave  
But, girl it's walkin' out the door  
Walkin' out with me

I don't wanna, I don't wanna  
I don't wanna leave  
Don't wanna leave

Love don't wanna leave  
But, girl it's walkin' out the door  
Walkin' out with me
