Inside the convex lens  
We all crash new jet planes tonight  
And the sin is back in medicine

Inside the convex lens  
We all crash new jet planes tonight  
And the sin is back in medicine

Beltway goes around  
Monuments are thinking  
Beltway burns down  
Monuments are sinking

And it's on, and it's on, and its on  
Everythings fine

And it's on, and its on, and its on  
Everything's fine

We'll sleep on ice when  
This bed is on fire  
We'll sleep on ice but  
instead of retire  
We'll kick those lights out

We'll sleep on ice when  
This bed is on fire  
We'll sleep on ice but  
Instead of retire  
We'll kick those lights out  
This bed is on fire

We'll kick these lights out  
Your party's on fire
