"This Place Hotel"

We walked up the stairs still concealing gloom
There were two girls sitting in My room
She walked up to my face
And said this is the place
You said meet you right here at noon

Heartbreak hotel
Heartbreak hotel
Heartbreak hotel
Heartbreak hotel

Hope is dead
She thought that I had cheated for another lover
I turn my back to see that I am undercover

Now I can't convince this girl there ain't no other

Someone's evil to hurt my soul
Every smile's trial thought in beguile
To hurt me
Then the man next door had told
He's been here in tears for fifteen years
This is scaring me

We came to this place, where the vicious dwell
And found that wicked women run this strange hotel
There was Sefra and Sue,
Every girl that I knew
And my baby said love is through

Heartbreak hotel
Heartbreak hotel
Heartbreak hotel
Heartbreak hotel
