Baby Feel Me Lyrics

JE yall, yeah
yeah yeah yeah yeah yeah yeah yeah
feel me shorty
yeah yeah yeah yeah yeah yeah yeah
yeah i know its late
(baby feel, baby feel me) Just feel me though
(feeeeeeeel, feel me)
all over baby
yeah yeah yeah yeah yeah yeah yeah
WINGO!€

It's 3 o'clock in the mornin
and I'm so so horny
baby I need your lovin
'cause I'm hotter than an oven
You know how we get down shorty
So come around and break it on down for me
In the bed or on the floor honey
it dont matter you a freak
we can do it outside
we can tumble in the grass
we can do it slow or fast
I just wanna tap that ass (I just wanna tap that ass)

Baby feel me
I wanna lay ya down on your back side
you never felt pleasure then you will see
in the game of sex imma all star veteran
no one do it better than me
(repeat 1x)

Imma make it bounce in the bedroom
like we on the dance floor
breakin' all the head boards
what cha think your man for
Haha. Imma say that, Imma say that one more time
Imma make it bounce in the bedroom
like we on the dance floor
breakin' all the head boards

what cha think your man for

When the neighbors ask what's that thumpin
just tell em nothin'
nothing wrong with a little bumpin'
Guess there's things that we cant do no more
since you live upstairs we gotta stay off the floor yeah
keep it spicy like we down in New Orleans
when we do what we do
girl with you, me and you we could heat up the
mountains
yes we can

chorus (repeat 2x)

check my temperature
feverish
i'm your genie girl
what's your wish
mean no disrespect
this is it!
i wanna lay you down
i wanna lay you down

chorus (repeat 2x)
