Lately we've been having the same convo about 2-3  
times a week

Girl I know how much he put you through, now  
Still you trying to play the role so I act like I just don't  
know

Every time we speak  
All it takes is just one look at you

I can see it in your eyes, you haven't been happy in a  
long time

Hey, you know, I know you too well for you to try to hide  
it

You deserve it, baby you deserve the best  
It's a shame you that settle for less,  
So it's about time for me to get something above my  
chest

Baby, oh, I've been holding this back, back, for too  
damn long

And you've been holding on to a man that loves you not  
Whoa, girl let me show you what real love's about  
Give me that chance

And I'ma show you how, how  
How you supposed to be loved  
Show you how,

Men put you off guard, but you know that every single  
word I'm saying is true

Same way that you know ain't nothing that your boy  
won't do for you

Deep down you know I'm right, but you're scared  
I know it, just too afraid to show it

I can see it in your eyes, you haven't been happy in a  
long time

Hey, you know, I know you too well for you to try to hide  
it

You deserve it, baby you deserve the best  
It's a shame you that settle for less,  
So it's about time for me to get something above my  
chest

Baby, oh, I've been holding this back, back, for too  
damn long  
And you've been holding on to a man that loves you not  
Whoa, girl let me show you what real love's about  
Give me that chance  
And I'ma show you how, how  
How you supposed to be loved  
I'ma show you how, how

Baby when I get at you, should I spell it out for me  
Girl I think it's time that you...  
To get out, what you...  
Cause love, what I'll beginning  
... from the beginning, just say you're with it baby

Baby, oh, I've been holding this back, back, for too  
damn long  
And you've been holding on to a man that loves you not  
Whoa, girl let me show you what real love's about  
Give me that chance  
And I'ma show you how, how  
How you supposed to be loved  
I'ma show you how, how.
