Out there on my own
Living the life I knew to live
Juggling things from my past
That I must teach myself to forget
But He came right there
Leaning on me and answering prayer

Every time I'm discouraged
Every time I'm discouraged
I remember that

He took my place
It should've been me
Dying there on Calvary
He took my place
So why should I cry
Because of His sacrifice
I have a right to life
I'm glad, I'm glad, I'm glad
He took my place

VAMP 1:
He took my place
He took my place
(repeat as directed)

VAMP:
I'm glad, I'm glad, I'm glad
(repeat as directed)
